

Postpartum Brace

This is the new standard of postpartum care.

The Mama Strut postpartum brace combines adjustable compression with heat and ice therapy for science based pain & swelling relief and healing.

HOW IT WORKS

- 5 points of support for the pelvic floor & perineum, pubic symphysis, lower back, abdominals and hips
- Adjustable panels close around pelvis, abs and back to combat pain and swelling while protecting from further injury.
- Ice and heat gel packs can be inserted for pain relief at the abs, lower back, and perineum
- Under truss straps help that "falling out" feeling, incontinence and to strengthen the pelvic floor

MORE ABOUT IT

- Comfy and discreet built in shorts
- Fits under clothes easily
- Machine washable liners
- Compatible with our 3 inch extender bands, postpartum pads and all ice/heat gel packs
- Classified by the FDA
- Utility patent # 9452100

Mama Strut Postpartum Braces allow all moms to heal properly. Our braces can be billed through insurance with code **L8310**.
